

## Realcold Stainless Steel Air Conditioning Mounting Brackets

REALCOLD have introduced a new range of stainless steel mounting brackets for air conditioning units. This range includes two types; wall brackets and roof brackets within which there are two models to suit either small or large units. The roof bracket can also double as a wall bracket.

These brackets are made to last. Made from type 304 stainless steel and measuring either 1.5mm or 2.0mm thick depending on the model, these brackets are strong, supporting up to 150kgs.

Each bracket comes with a service pack of nuts, bolts and rubber isolators for connecting an AC unit to the bracket. Available in May 2011 from Realcold.

Visit Realcold for these items.

## New look Realcold

**THE COMPONENTS DIVISION** of Refrigeration Engineering Co Limited officially became a 100% subsidiary of Refrigeration Engineering Co Limited known as REALCOLD LIMITED from Tuesday 1st March 2011. With the new Realcold name comes the new Realcold look. Our customers will notice the smart new uniforms worn by the Realcold team. Our showrooms across the country also have new signage installed. To add to that, we have recently released a new Realcold catalogue featuring our current and new product ranges such as MHI and Easypack.

The new Realcold internal brand launch began last November with a nationwide roadshow across three major cities – Auckland, Wellington and Christchurch\*\*. The new philosophy, ethos and branding was well received by staff who were looking forward to the external launch to

customers in March. Realcold is focussed on delivering a reliable and wide range of excellent products, consistently. We look forward to continuing a long and mutually successful business partnership with our customers under the new look Realcold.

\*\*A note from Realcold Christchurch: The Christchurch Realcold team would like to thank our colleagues and customers for the support shown to our region, particularly with the shipment of portable toilets and kind donations. We would like to assure our customers that Realcold Christchurch is fully functional and we look forward to assisting with customer requirements as effectively as always.
